Two gauges to monitor the pressure in the boiler and of the water pump. Mixing water wand and temperature adjustment through a program.

Rito, contemporary tradition.

The safety of the users, marked by the availability of an emergency and functional system. Rito is an anticipation of the experience of the Brasilia line and offers customization for an exclusive and charming performance.
People change, but their work, when done with care, passion and creativity, remains. It remains in the manufactured products, in the filed patents, in the work of those who choose to develop their business. For this reason, now that the Brasilia brand re-joins the top players of the Ho.Re.Ca. market, the first thought goes to those who launched this brand in 1978 and were able to make it an example of “Made in Italy” worldwide, developing patents, technologies, and machines that made the difference. Thanks to Bianchi Industry Spa, the Brasilia brand is back, re-starting from the successes obtained globally and offering a series of state of the art solutions where the latest technological tradition meets the future of espresso. Rito, Moda, Lucia, Sofia, and Maior: these five machines hold the present and the future of those who seek quality in its most innovative expression. Thanks to the union between technology, design, and functionality, the Brasilia range of machines meets the needs of a continuously evolving market. The passion for true Italian espresso is conquering new markets and Brasilia is an ambassador of the Made in Italy quality worldwide. Brasilia, a Made in Italy brand that continues to write the history of high quality espresso.

Bullone Rosso (Red Bolt), the technological solution to be savored.

The Bullone Rosso (Red Bolt) system makes Brasilia machines inimitable. From a technical standpoint, the water going to the heat exchanger is heated and passes through the temperature stabilizer. This technology allows the transfer of the aromatic complexity of the coffee blend to the cup and thus the creation of expressos with an unbeatable taste.
