## CHOOSE YOUR OWN STYLE AND **MAKE IT UNIQUE**

MINI MIGHTY is compact and enhances any setting with its Italian design. It is made with prestige materials, with cup-warmer grilles and liquid tray in stainless steel, while the backlit Brasilia logo on both sides is a detail that is bound to be noticed.

But what really makes the MINI MIGHTY special is that it adapts to your style, with three fashionable colours to choose from; the classic greige/matte dark grey and dark grey/stainless steel lend a touch of elegance to the environment. Then there

is the more daring seafoam green/matte dark grey, which evokes natural colours for a calm and tranquil ambience. In the standard version, the levers and filter-holder handle are in black plastic, while in the Top version they are in light wood.
